

# LINK – Progress continues - and we get a visit

(Status in February 2025)

- On 6<sup>th</sup> February we had a visit from the Connexional Team to make a film about our “Plan for Growth” and the Link Development. We took them on a site tour and Ian talked them through the building plans.
- Only the supporting column and beams of the Century Hall kitchen and the old Gateway Lounge floor await removal

- Way through to Link Foyer lower ground floor from the new Garden Entrance is created
- Trenches in Gateway for drains from the new ensuite bathrooms are cut and dug out

- The view out of a Gateway window: windows removed, showing digging down in Link Foyer area
- The view inside Gateway – our Operations Manager in his natural habitat ! 😊

- Levelling the Worship Space floor is underway
- Closeup of the detail revealed under the balcony

- Digging down for the foundations of the new link building
- The soil and old fill is being taken away

- Emma Nash, Mission & Community Engagement Officer from the Connexional Team, with Stuart
- Filming in Century Hall - with a lot of insulation awaiting installation!

- There are a lot of materials (recovered and new!) in the yard behind Waterside and Chapel House
